THE ALLIANCE HAS MADE MISTAKE

Tue Secretary of the Farmer's Alliance of Mecklenburg county, presented a card, containing the demands of the Alliance, to Cor. H. C. Jowns, who is a candidate for Congress in the Sixth district The card contained the following demands:

We merely protest abstraction. There was more safety about this system than about any the world has devised. The National Bank ing system was modelled from the New York system, but experience has shown that depositors in the old State bank in New York lost less money than depositors in the National banks as at present constituted. Of course it is not intended to do entirely away with Na-

tional banks at once. If the Democrats had continued in power, the National debt would have been paid so rapidly that there would necessarily have been a withdrawal of bonds and a contraction of the banking basis. As it is, the debt is constantly reduced, and though the business of the country is growing rapidly, the circulation must decrease as the debt is paid. It is necessary to provide against this contraction by giving the people the control of the currency by a system of State banks. Gold, silver and Treasury notes would give us ample money for inter-State purposes, if there should be any objection in any State to taking money of another State, although it would be made so good that a United
